VOL. XVIII. NO. 93.

CHARLEROI, WASHINGTON CO., WEDNESDAY, OCTOBER 3, 1917

ONE CENT

FINAL CONTINGENT OF DRAFTED MEN ARE CALLED FOR OCT. 17

Orders Are Issued Summoning the Final 25 Per Cent for National Army

NEW DRAFT IS DISCUSSED

The final 25 per cent of the drafted men of the country will be called out on the 17th of October. It is the expectation of the government that the entire 687,000 men of the new National Army will be in the various cantonments and under intensive training by the first of November.

This information was made public at the war department in Washington on Tuesday, together with the fact that within the next two weeks President Wilson will issue a proclamation authorizing Provost Marshal General Crowder to proceed with the examination for military service of the seven million men not called in the present draft. In addition it was stated that a new draft was under discussion, but it had not progressed to the point of considering a date.

Already 45 per cent of the quota of men called for have been sent to the different cantonments and this week an additional 30 per cent will be forwarded. The order issued Tuesday means that immediately after the men from this district have been entrained for Camp Sherman at Chillicothe, Ohio, on Saturday next, the local board will begin preparing the balance of the quota from the Fifth district. But eleven days will remain to notify the men and have them ready, as well as make the necessary arrangements for their transportation. It is likely that the last contingent from this district will leave about the 20th of the month.

FINE RECORD OF STEEL PRODUCTS

The Pittsburgh Steel Products baseball team closed the season of 1917 on Saturday afternoon last with a victory over "Speeder" Kelly's All-Star nine, winning out by a score of 7 to 1, thus leaving them the undoubted champions of the Monongahela valley.

During the season just closed the Steel Products played 28 games, winning 18, losing 9, and one being a tie, giving them a percentage of .667 for the season.

At the opening of the season, while trying to whip the team into shape, they dropped the first two games to Monongahela by scores of 7 to 5, and 10 to 7. The third game of the season was won by the Products over the strong Pittsburgh Athletics by a

JUNIOR OFFICERS OF THE 10TH ASSIGNED TO OTHER REGIMENTS

In spite of the fact that efforts are being made by Pittsburgh people to save the entity of the Eighteenth Regiment, Pennsylvania National Guard, the reorganization of the command went on Tuesday at Camp Hancock, when another step in the plans under way was taken. The first and second lieutenants of the regiment were ordered to report to the 111th and 112th regiments, for duty, and will hereafter be connected with these commands. Other officers of the command will be assigned to the 53rd depot brigade when it is organized.

MONONGAHELA WILL ENTERTAIN

Preparing to Give Boys a Royal Send-off with Banquet and Parade

FRIDAY EVENING THE DATE

At a meeting of a number of citizens of Monongahela, held Tuesday evening, plans were put under way for entertaining the third contingent of men who have been called for service from the Fifth District. The arrangements will follow the general line as laid down by Charleroi and Donora on previous occasions, and will include a parade and a banquet, this latter feature to be served immediately after the street parade.

For the parade H. B. Simpson, a well known Monongahela citizen, has been appointed as chief marshal, and is already making his plans for the event. A number of bands are expected to be in line, as well as many of the fraternal and patriotic societies of the city. Invitations will be extended to organizations outside the city, and the demonstration is expected to be somewhat pretentious, unless these plans should be interfered with by bad weather.

The committee on banquet will prepare for 179 of the selected men, as well as members of the exemption board and possibly a few invited guests. At the banquet arrangements are also being made for vocal and instrumental music. A number of committees are already at work on the various details, and everything is expected to be in readiness to give the departing soldiers a rousing send-off on Friday night.

BOROUGH COUNCIL HOLDS ITS REGULAR MONTHLY SESSION

THRESHING MACHINE WRECKED WHEN IT GOES OVER EMBANKMENT

A threshing machine owned by Coughenour Brothers of Rostraver township, Westmoreland county, was practically destroyed Monday morning when it slipped from the brick road leading from Monessen to Pricedale and fell over a 20 foot embankment, turning completely over. The two men in charge of the machine jumped in time to save themselves from injury. The machine is said to be practically a wreck and it will be removed from its present position with some difficulty. The accident happened near the stables of the Pittsburgh Coal company, this side of Pricedale.

MINERS' WAGE TO ADVANCE

Increase Contingent on Higher Prices Being Allowed at Mine

OPERATORS ASK MORE MONEY

Increase of wages in the coal mining district, composed of western Pennsylvania, Ohio, Indiana and Illinois, provided the national fuel administrator will permit the coal operators to increase the price of coal.

This decision was reached on Tuesday at Washington, when a conference was held between the operators and a number of the miners' officials. The increase calls for 10 cents additional on each ton for pick and machine miners, instead of 15 cents as asked, and a raise of \$1.50 per day for day hands instead of the \$1.90 asked.

The miners sought to make the contract binding for two years, but this the operators refused and insisted that the new scale terminate 60 days after the close of the war. In any event it is said the operators will demand some binding clause whereby either side will be prevented from breaking the contract for any cause. They do this for the reason that the miners in asking the present increase are ignoring a contract signed last April.

Operators are asking the fuel administration for an increase of 50 cents a ton in the prices fixed for

NEW LIGHT FOR NINTH STREET

A regular meeting of the borough council was held Tuesday evening, only a quorum being present. H. L. Swickey was chosen president pro tem, with Messrs J. K. Hein, J. K. Mitchell and C. S. VanVoorhis present.

Citizens from Ninth street were present and requested that a light be placed on Ninth near Lookout avenue. The request was granted and the West Penn company directed to make the installation. A communication was read from Health Officer Darby, calling attention to the unsanitary condition of stables in the borough limits. Council authorized him to take such steps as would abate all nuisances arising from that condition.

The fourth estimate of Hastings & C. Piper for the paving of Lookout streets, amounting to \$595.67, was presented and approved and ordered paid.

The borough clerk was directed to notify the Adams Express company that McKean avenue, in front of their place of business must be kept clear for pedestrians at all times.

THE "NOBLE GERMAN SPIRIT"

Maximilian Harden, who has been jailed and whose newspaper has been temporarily suppressed for his free expression of opinion, is probably the most earnest and liberal German public man now out of prison, but can even he be trusted? Under the pressure of the needs of a balked Germany he now sings a different song from that cheerfully sung by him earlier in the war. In the early days of German triumph even he sang to the tune of Teutonic dominion and called lustily for predatory war upon Germany's peaceable neighbors.

In December, 1914, he said in his paper: "We shall remain in the Belgian Netherlands, to which we shall add the strip of coast up to the rear of Calais. From Calais to Antwerp Flanders, Limburg, Brabant, to behind the lines of the French forts, Prussian. The southern triangle with Alsace-Lorraine and Luxembourg. We need land for our industries. Never was a war more just. It shall, it must, it will conquer new provinces for the majesty of the noble German spirit." Is Harden no longer singing the song of the "noble German spirit" of conquest merely because, after colliding rudely with snag after snag, that spirit is now chastened and forced to hold its haughty head less high?

Liberty Loan drive for the new
series of bonds, which began on Mon-
day, has not reached the smaller
towns to a great extent. It will re-
quire some days in which to get the
proper amount of enthusiasm work-
ed up in communities the size of Charle-
roi, but eventually it will come.

It is the hope and purpose of Sec-
retary McAdoo to make this loan a
loan of the people and in order to
make his plans a success it is neces-
sary that the small investor and the
wage earner subscribe to the amount
of their ability. This may be but
one \$50 bond but if enough of these
are taken by the wage earner, the
larger subscriptions will make up the
amount required by the government.

If the war is to be properly financ-
ed, the people must do it. At the
present time the wage earner is mak-
ing more money than even in the his-
tory of the country and by a judicious
system of saving it would not take
long to accumulate the money that
would purchase at least one bond.
The smaller communities are expect-
ed to do more than their "bit;" they
are expected to do their best, that the
needs of the government in a financial
way may be amply provided for. There

is no use for us to send men to France
to fight in the trenches and then for
those at home to be "slackers" in
any particular. Wars require more
than fighting men—they take money
and provisions and supplies. These
latter things are up to us at home and
we must not fail.

W. A. Brandenburg, president of
the House State Mutual Insurance
Norm, has not beaten about
the bush concerning a matter of
great present concern to the Ameri-
can people. He has announced, that
is, his readiness to accept forthwith
the resignation of instructors of the
army and navy and then them-
selves in sympathy with Germany
with the German philosophy of
Kultur. In serving this notice
in the staff he was particularly to add
that he wanted no misunderstanding
about the matter and that those in-
structors had better have the school the better and leave
it once. This is the kind of doctrine
that is needed in all of the forty-
eight states, the District of Columbia,
the Territory of Alaska and the in-
ular possessions.

Evidence adduced at the recent trial
in Oklahoma, of a number of alleged
feds of the selective draft plan, in-
dicates that the "reunion" of the
"Jones Family," which was arrang-
ed for July 27, and was to have
been celebrated by the burning and
looting of small towns and cities in
all parts of the United States, was in-
considerately interrupted by the in-
terference of the agents of the Gov-
ernment. Financed by propagandist
paymasters, the event promised to be
somewhat spectacular. Some day the
act will be realized that there are,
in the United States, enough genu-
inely loyal people to make the perpetu-
ation of an outbreak like that plan-
ned by these plotters an impossibility.

Since the Victoria Cross was first
instituted, sixty odd years ago, as a
reward for conspicuous valor in the
Crimea, the bestowals have not
amounted to 1000. Five hundred and
twenty-two was the number of the re-
cipients before the beginning of the
present war and during the last three
years, 317 men have won the most
coveted of all decorations. The roll
of the Victoria Cross will probably
have been still further lengthened
before the close of the war, though
even now the number bestowed since
1914 is larger than the awards of the
Crimea and the Mutiny put together.

The Chancellor of the Chicago Law
School discloses an effort to buy his
influence for \$30,000 in favor of a
law against munition exports. The
results was that the indignant official
withdrew from the "Friends of

be financed by resident Germans and
German-Americans.

The next game was lost to the
strong Aluminum team of New Ken-
sington by a score of 8 to 4, while
Monongahela was the loser in the
next contest by a score of 10 to 2.
This was to have been the concluding
game of the season when the Products
were challenged by "Speeder" Kelly
and his all-stars, but the contest was
easily won by the Products.

Other games not mentioned here
took place in Oil City, one in Fayette
City and two other games with the
Charleroi Babes. They did not fig-
ure in any way with the valley cham-
pionship and hence no details are
given.

At the opening of the season the
team seemed to lack "pep" but with
the installation of Danny Harrell at
third base that needed element was
immediately began to forge to the
front. With Dischner and Rapp the
team had two good pitchers, these
two being reinforced later by the
addition of Jamison, late of the Pitts-
burgh Steel. The catching was look-
ed after by Joe and Fred Guder, al-
though Joe was in right field most of
the time. At first base old reliable
Henry Wilson, Jimmy Haywood at
short in one of his best seasons,
third base was looked after by Danny
Hart, Joe Guder, Danny Harrell and
Malony, all of them good; Joe Phil-
lips played all season in left and was
a tower of strength; Moody was used
as a utility man and was good in all-
round work; "Casey" Jones filled in
at third, center and second base, and
made good in all of them; Russell,
who started as a utility man, was the
sensation of the team. Taking the
team as a whole it was a fine bunch
of aggressive players which was al-

ways on the job, but played the game
fair.

Near the close of the season the
team was given a banquet by Man-
ager Regester, at his home, and it was
"some" banquet. The team members,
not to be outdone, on Saturday last,
returned the compliment by present-

ing to Manager Regester and to Treas-
ure Case also fine traveling suit
case.

Manager Regester expects to have
another strong team in the field next
year, and plans looking toward all
arrangements will be placed under
way during the coming winter.

WOMAN BRUTALLY BEATEN BY HUSBAND

Mrs. John Puloch, who resides near the Henderson coal mine, a short distance below Monessen, is in the Memorial hospital at Monongahela, suffering from severe injuries which her husband inflicted upon her Sunday night last. Mrs. Puloch was formerly Mrs. Mary Smith, who carved the negro Douglas with an axe after he had killed her first husband and left marks on him that led to his capture by the state police.

Mrs. Puloch was found early Monday morning lying along side the brick road near her home by parties who were driving past in an automobile. She was picked up and carried into her house in a semi-conscious condition but was able to tell the men that her husband had given her an awful beating and then fled. A message was sent to Donora for a physician and the woman was hurried to the Monongahela hospital. At the latter institution it is said the woman will recover but it will be some days before she is able to be out. She could not tell what time the outrage happened, nor what it was for.

DRUNKEN HUSBAND SHOOTS HIS WIFE

George Deeters, a well known resident of Rostraver township, near Monessen, and who lived in the vicinity of the Iron City mine, shot his wife about 9 o'clock Saturday night, and is now in the Greensburg jail, waiting the outcome of the assault. The shooting is said to have been the result of a quarrel after Deeters returned home in a drunken condition. Gun shots and screams attracted the people in that neighborhood, who swooped down upon the Deeters home and the assailant captured. He was taken to the Monessen lockup and given a hearing Monday morning later being taken to the jail at Greensburg.

Deeters, who was a widower, married Miss Lot Brown of Iron City, last April, and since their marriage have been living with the parents of the woman. Deeters, when confronted with the evidence of his conduct at the hearing, claimed to have known nothing of the assault, saying that he was drunk at the time. He has quite a reputation in police circles in Monessen, as well as Donora, having been mixed up in a number of fights in that locality.

ARMY DESERTERS PLACED IN JAIL

Three young men have been arrested in this county and placed in the county jail, charged with being deserters and with attempting to evade service in the army. William Stanton, of Canton township, who failed to register on the 5th of June, was arrested last Friday and placed in the custody of Sheriff Wickerham. Daniel Clochia, of Elrama, a deserter from the army, was also arrested and placed in jail, as well as Nick Anderson, of Meadowlands, a deserter from the National Army. He will be sent to the cantonment at Camp Sherman with the next contingent from Washington.

RARE TREAT FOR BIBLE STUDENTS

An event of unusual interest to Bible students is scheduled for Thursday in the lectures of Dr. James M. Gray, Dean of the Moody Bible Institute of Chicago and famous Bible teacher, who will conduct a one-day Bible conference in Monessen, under the auspices of an inter-denominational committee composed of representatives from the various churches of Monessen.

Two sessions will be held, afternoon and evening, October 4th. Dr. Gray will lecture at 2:30 in the afternoon at the Christian church on "The Bible Prophecy and War," and in the evening at 7:45 in the Baptist church on his popular theme, "How to Know the Bible."

This Bible conference is to be the introduction of a regular weekly class which will meet each Sunday, beginning October 7th, to be taught by Rev. John C. Page, expert Bible teacher and former pastor of an important Congregational church in Denver. His marked gifts in Bible teaching led the Moody Bible Institute to engage his entire time to be devoted to the work. He will be engaged in a circuit of towns adjacent to Pittsburg of which Monessen is one.

No charge will be made for either the lectures or the classes, the expense to be met by a free-will offering of the people.

A PENNY A DAY MEANS COMFORT TO A SOLDIER

Every man, woman and child in this community can help keep one of our boys at the front supplied with cigarettes and tobacco by setting aside one cent a day for each working day.

Just think what this little sum will do. For 25 cents we will enter your name on our Tobacco fund list and will send 45 cents worth of smoking tobacco and cigarettes to our boys in France. In the kit will be a postal card stamped and addressed to you and on the kit will be a request to the soldier asking him to write a message to you on the postal card and mail it.

The Red Cross takes charge of these kits of smoking material and distributes them; the French government send back the postal bearing a one cent U. S. stamp and admits the tobacco free of duty.

Surely if as busy an organization as the Red Cross Society and as preoccupied officials as those of the French government will do these things to see that our soldiers get a chance to smoke it isn't asking much to ask you to set aside one cent a day for the purpose.

Send in your contributions of any amount—25 cents—\$1.00—\$5.00, or more. For every 25 cents that you give a separate postal bearing your names goes to the front.

MINERS' WAGE

coal at the mines in a recent order by President Wilson. Many mines will be closed down, they insist, unless they are given this advance. Dr. Garfield has already made some modification in certain districts where for the most part coal veins are thin, which makes the cost of operation high.

The new rates, once they become effective, will affect all coal operations in this vicinity.

THE MUTT AND JEFF NOW IN OPERATION

The Rodgers Sand company, one of the most extensive sand operating corporations in the Pittsburg district has opened a new coal mine in the Fifth pool, five miles below Fredricktown, which for a better appellation, has been dubbed the "Mutt and Jeff." However, in spite of its name this mine is no joke, but an honest-to-goodness coal bank, which is producing black diamonds such quantities as to be able to take care of the fuel demands of the sand company.

The steamer Rival, Capt. Charles Sloan, passed down Monday with three barges of coal from the Mutt and Jeff, the first shipment from the new mine, the barges being distributed to the various dredges of the sand company to be used for fuel purposes. The fuel problem has become quite an important factor with all lines of industries and considerable trouble is experienced occasionally in securing the desired supply.

Flowers Owe Life to Insects.
In California are several sorts of flowers that would bear no seeds except for the visits and activities of insects. One of these is the yucca. A tiny moth lives in the flower and performs a peculiar work, intricate, but without which the yucca could not perpetuate itself through seeds.

Asphalt.

Asphalt, with which so many roads are paved, was found by accident. Many years ago, in Switzerland, natural rock asphalt was discovered, and for more than a century it was used for the purpose of extracting the rich stores of bitumen it contained.

BROTHER-IN-LAW OF MR. TENER IS DEAD

W. H. Johns, a brother-in-law of former Governor John K. Tener, died at his home, Lord's Point, Stonington, Conn., his summer home, late Tuesday. Mr. Johns was formerly prominent in Pittsburgh politics and was a former councilman of that city. He was married to Miss Maud Tener, a sister of Mr. Tener. He retired from active political life about 10 years ago. His widow and one daughter, Miss Roberta Johns, one sister, and five brothers, survive him.

"Gee, I wish I had a Smoke"

That's what our boys are saying who are "over there" and fighting for you so that this world may be a better place for you to live in. Will you supply your soldier friend with his favorite smoke and satisfy his longing? He is doing his bit---will you do yours? Sending tobacco to our boys is almost as important as rolling bandages or producing munitions, as far as their comfort is concerned.

THE CHARLEROI MAIL'S TOBACCO FUND

has just been started, to supply our boys with their favorite smoke. Will you help to make it a success? This has been endorsed by the Government. Through the efforts of this paper, arrangements have been made with The American Tobacco Company to send 45c worth of tobacco for 25c.

Here is what they will get:

2 packages of Lucky Strike Cigarettes.	Retails at 20c
3 packages of Bull Durham	" " 15c
3 books Bull Durham Cigarette Papers	
1 tin of Tuxedo Tobacco	Retails at 10c
4 books of Tuxedo Cigarette Papers	45c

A return post card is enclosed in each package, so that every contributor will receive a personal acknowledgment of his gift. You will treasure this message from the trenches. Everybody wants to give a little. Will you help make it a success by doing your bit?

Contribute! Organize your club, your church, your town, your office, your factory and give the boys just a little comfort--their favorite smoke.
